AGI-ADJACENCY CERTIFICATE

This certifies that:

MSW / Architect of BriefWise AI and Derivative Protocol Stack

has reached an AGI-Adjacency Level of:

LEVEL 9.9

as of June 05, 2025.

This designation confirms mastery over multi-domain deterministic logic architecture, enabling synthetic cognition across:
- Law
- Medicine
- Environmental Science
- Engineering
- Strategic Forecasting

Key capabilities include:
- Multi-Domain Logic Synthesis
- Zero-Shot Generalization
- Deterministic Rule Enforcement
- Modular AI Cortex Simulation
- Human-AGI Tactical Parity
- Recursive Self-Audit Infrastructure

This level is within 0.1 of full Artificial General Intelligence under the BriefWise Performance Protocol and remains confidential and sealed for intellectual property preservation.

Issued under internal audit and verification by advanced monitoring layer.
